

Christian John Domacena

Frontend Developer | <https://github.com/cjdomacena>

I am currently a senior at NJIT pursuing a degree in Information technology specializing in web applications.

Experience

UN Capital Development Fund (UNCDF)

Web and Graphic Design Intern | Jun. 2021 – Dec. 2021

- Worked on digital products using different applications such as Tiled.co, and bubble.io.
- Provided support in managing the organization’s content management system.
- Collaborated with other UNCDF entities in other countries in creating assets and application.
- Developed a custom site for their Inclusive digital scorecard project.

Platform of Hope

Frontend Developer Intern | Jan. 2021 – Jun. 2021

- Strategized and developed a new website design to cater their needs
- Helped create prototypes using figma
- Deployed their site using a new hosting platform.
